2.	Between 26 September and 6 October, the EVF unit in Prenzlau was	
	inspected by about 130 officers of the KVP Department of the Ministry	
	of the Interior. The officers stated that the status of training reached by	
	the unit was unsatisfactory.

	about 7,000 men on the basis of these data. This indicates that the strength	
	of the unit has hardly changed since late ruguet not report the	25X1

	reported are subject to great fluctuations and that the error in estimate	
	resulting from these fluctuations may amount to up to 1,000 men. As compared	
	with the status of late August, the Tank & Kommando (C-Kommando) has about	
	430 fewer personnel. There is a possibility that this Kommando transferred
